ST. ANGEL'S SCHOOL, GURUGRAM-45

The mission of St. Angel's School is to nurture active and creative minds, fostering a deep sense of empathy and understanding towards others, and instilling the courage to act upon one's beliefs. This is achieved through a commitment to world-class education, the promotion of knowledge creation, and the cultivation of essential life skills.

Message by Chairman

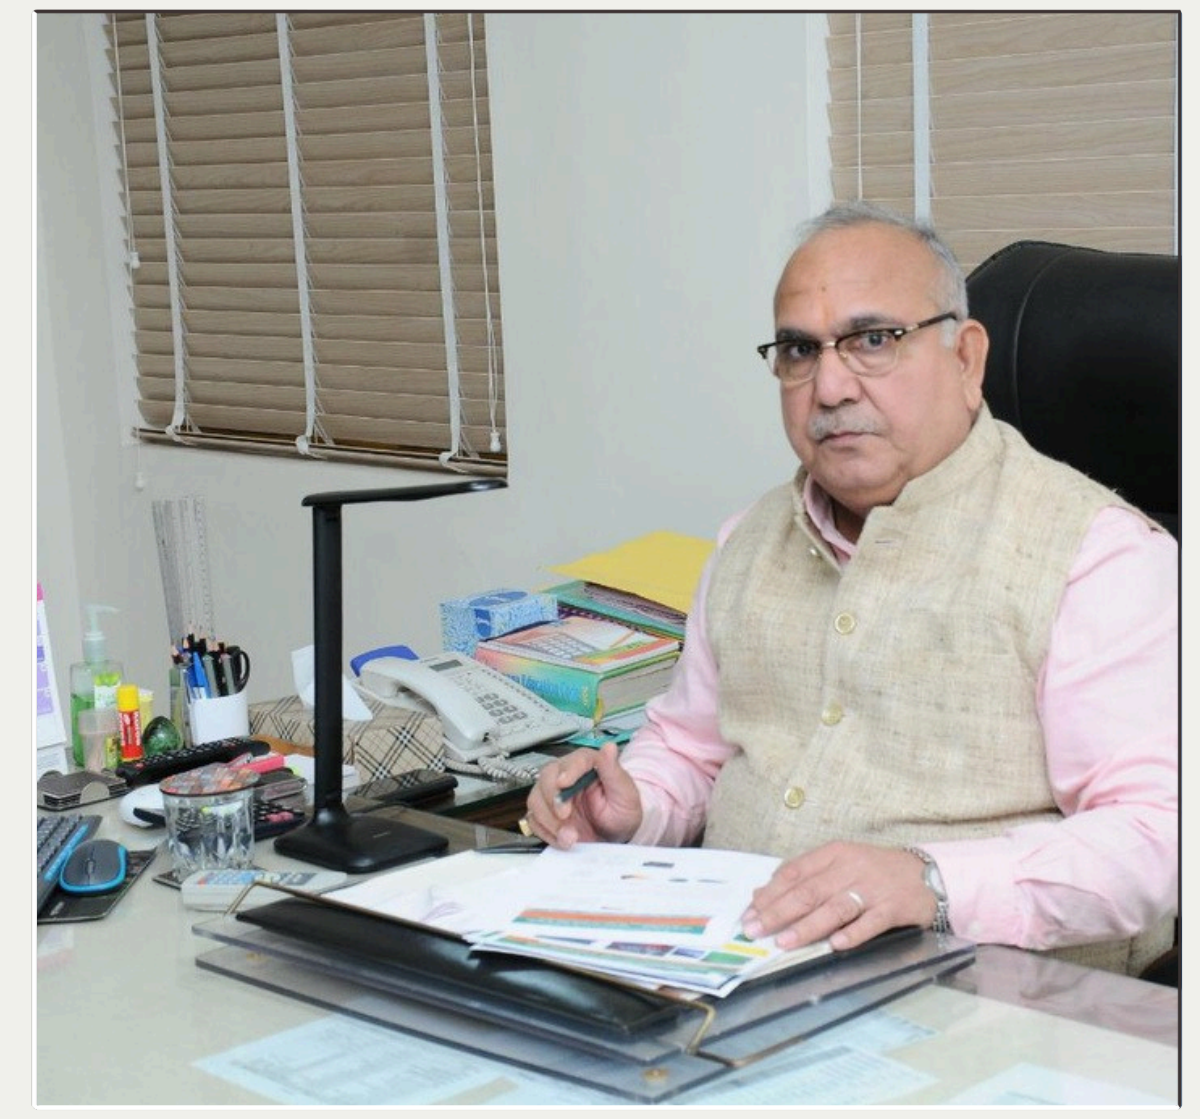

Shri Ashutosh Bhardwaj

Holding the beacon of excellence, dedication, positivity and understanding, St. Angel's surges ahead, setting its goals higher and higher in the horizon of success. For this reason, the school has become a desired destination for students. Winning starts with our beginning. Our thinking creates our positive world. When our thinking is governed by moral values, like truth, righteousness and feeling of brotherhood, a personality of strong moral character emerges in the society.

My first and foremost priority is, to provide our students with every opportunity to be understanding in their future studies. My perception is not just about acquiring knowledge of subjects taught in the classrooms. It is a lifelong exercise that can be unbelievably exciting, if we wish to jump onto the train of experience and take a trip to every road and corner of the earth. My endeavour is to provide wings of wisdom to our children to soar high in the sky of knowledge.

Dear parents your role, too, is indispensable in the life of the children. You must nurture the children in such a way, that they must uphold the time tested values to manifest their wisdom. The present generation is bristling with new concepts and is eager to invent and innovate. Let the wisdom of the scholars pervade into ever widening stream of knowledge. To disseminate it, I attempt to provide the conditions, in which my Angelites learn the lesson of life, apart from curriculum assigned to them. I always motivate my students by saying that, 'The deeper you dive, the more gems you discover'. Success comes to those who work hard and stays with those who don't rest on laurels of the past.

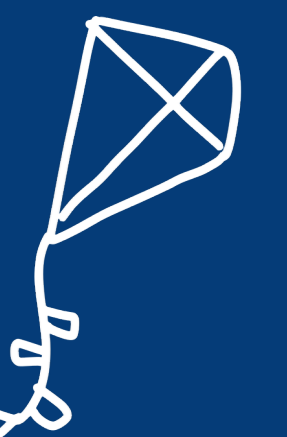

With consistent support of the parents, contribution of the students and above all the grace of Almighty, I make certain that I will put my incessant efforts to provide quality education in this temple of learning.

CHAIRMAN

"Education is the compass that guides us through life's journey."

Message by Director

Shri Angel Bhardwaj

Now Meet a distinguished and energetic law graduate whose flair for excellence is matched only by his dynamic personality. With a sophisticated style and an unwavering commitment to high standards, he stands out as a modern beacon of professionalism and charisma. His drive for quality in every endeavor is a testament to his exceptional standards and refined approach.

As a highly intellectual and self-motivated youth icon, he is deeply committed to nurturing leadership qualities in students. He firmly believes that the foundation of true leadership is being a role model oneself, and maintaining personal integrity as a cornerstone to prevent any challenge to one's principles. This belief guides his approach to inspiring others and setting a strong example.

He is also a passionate advocate for transforming education into a more engaging and practical experience. He contends that learning should be a collaborative process, focusing on application rather than mere theory. By emphasizing hands-on, experiential learning, he aims to demystify complex concepts and make education more relevant and effective.

His influence extends through his frequent interactive sessions with staff and students, where he leverages his engaging presence to uplift and motivate. These sessions boost self-esteem, enhance morale, and foster greater participant confidence. His primary role is to create a supportive and inspiring environment, ensuring that his efforts significantly contribute to the personal and professional growth of those he interacts with. His dedication to education and leadership is evident in his impactful approach and the positive changes he fosters within his sphere of influence.

"Education is the compass that guides us through life's journey."

Message by Founder Principal

Smt. Seema Bhardwaj

In horizon of my dreams, I drew a rainbow of multicoloured imagination to make shrine of goddess Saraswati. Since commencement of St. Angel's School in 1992, each day has enumerated luminous page of the epic of arduous journey. In the life of any school 25 years is, really a record of legitimate pride. Celebration of Silver Jubilee is really a celebrative milestone in the journey of our vision.

I look back with a satisfying feeling both in academics and co-curricular. This year, too has been a year of unprecedented success. With experienced and dedicated teachers and excellent infrastructure, our school is a podium of profound progress for pupils. I believe, each day of our lives, we make deposits in the memory banks of our children. So, I respect the uniqueness of each child. We, as educators offer opportunity to them to churn their latent talent in disciplined manner.

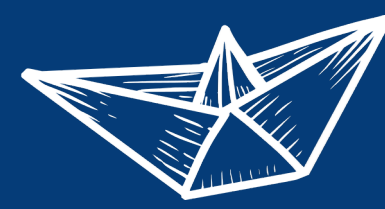

St. Angel's is oriented to bolster the physical, emotional, social and cultural need of the students. We are very conscious of the fact that emotional stability plays a very significant role in the healthy growth of the child. We achieve this through more interaction and one to one rapport with our student. Dear parents you, too, are ultimate role model for children. Please store good memory in their mind.

Good grooming and talent complement each other. 'Like birds of same feather, they stay together.'

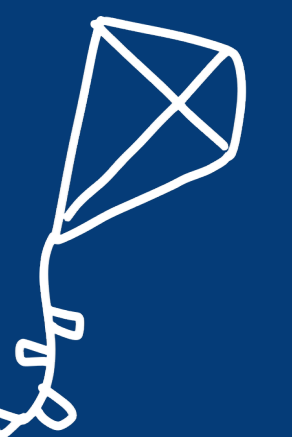

I extend heartfelt admiration to my cohesive team of dedicated teachers, whose infinite energy transforms every striving effort into a stupendous success. I am also thankful to the parents for rendering their unrestricted support in my entire endeavour.

PRINCIPAL

"Education is the key to unlocking the world!"

Message by Head Mistress

Smt. Khyati Arya

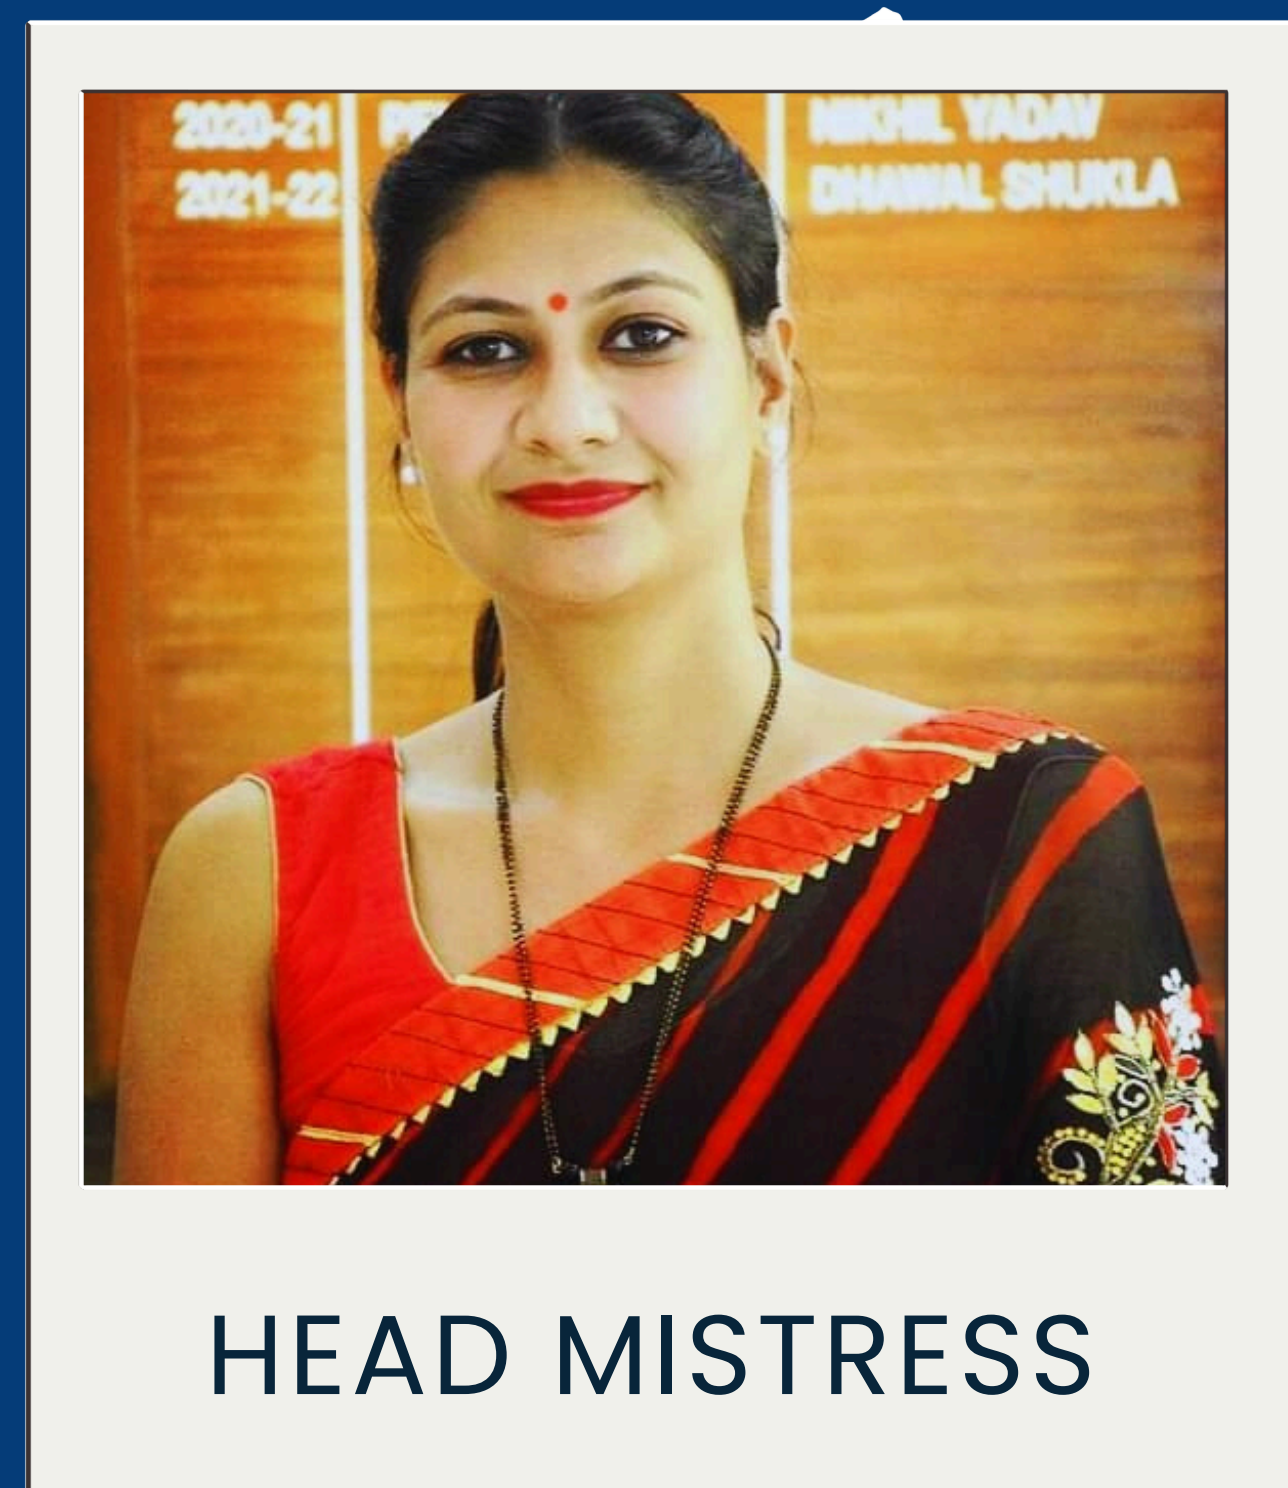

The Responsibility for change... lies within us.

It takes a big heart to shape little minds. Young children are the future of our country so they need to be healthy and happy; they need to be mentally strong, patient and equipped adequately to face tomorrow. The ultimate goal of education is not just imparting knowledge but to create future generation who not only imbibe knowledge but also have a combination of characters, determination and value. It is well said that,

"Our thoughts lead to Attitudes, attitudes to words, Words lead to action and Action leads to habit, Habit forms our character and Character determines our destiny"

Therefore, let us gear up and train up the future generation to develop a strong character. Learning can be an accidental process and finds its way in most astonishing circumstances. In a school space not only students but also the teachers, the educational rock-stars learn. And this learning is the secret portion for their vitality. My latent learning also comes from my inestimable students.

Through learning we re-perceive the world and we extend our capacity to create. So, dear students keep inspiring and teaching us as you are our spring of our youthfulness, the fodder of your question is food for our thoughts and the discharge of your energies is the recharge for our batteries.

"Knowledge is the most valuable currency; its returns are immeasurable."

EDUCATION IN PRIMARY

The Students of classes I-VII are taught English, Hindi, Mathematics General Science and social studies. The students of classes I-II learn environmental studies in place of social studies [CCE] continuous and comprehensive assessment system is followed to assess the students. Brain development courses which enhance the I.Q, Defense activity such as karate, Dance, Music, Sports and Scout Guide is also a part of primary curriculum. Students have the opportunity to do some research work through projects and independent thinking sufficient forums are found for all the children to display their talents and skills through various competitions. Inter House activities and cultural programme, experimental learning is also done through field trip. The teaching Methodology is "**LEARNER CENTERED**" nurturing the promotion of multi-intelligences and Academic excellence. Great emphasis is laid on the development of communication skills & overall development of a child's personality.

LEADERSHIP IS THE CAPACITY TO TRANSLATE VISION INTO REALITY

Strong believing in the dictum that today's children are the future leading of the nation, importance is laid upon training for leadership. The school accomplish the system of house Prefectorial.

SOCIAL OUTREACH PROGRAMMES

VALUE EDUCATION

To strengthen the value system, the school has included Education in Human Values in the school curriculum

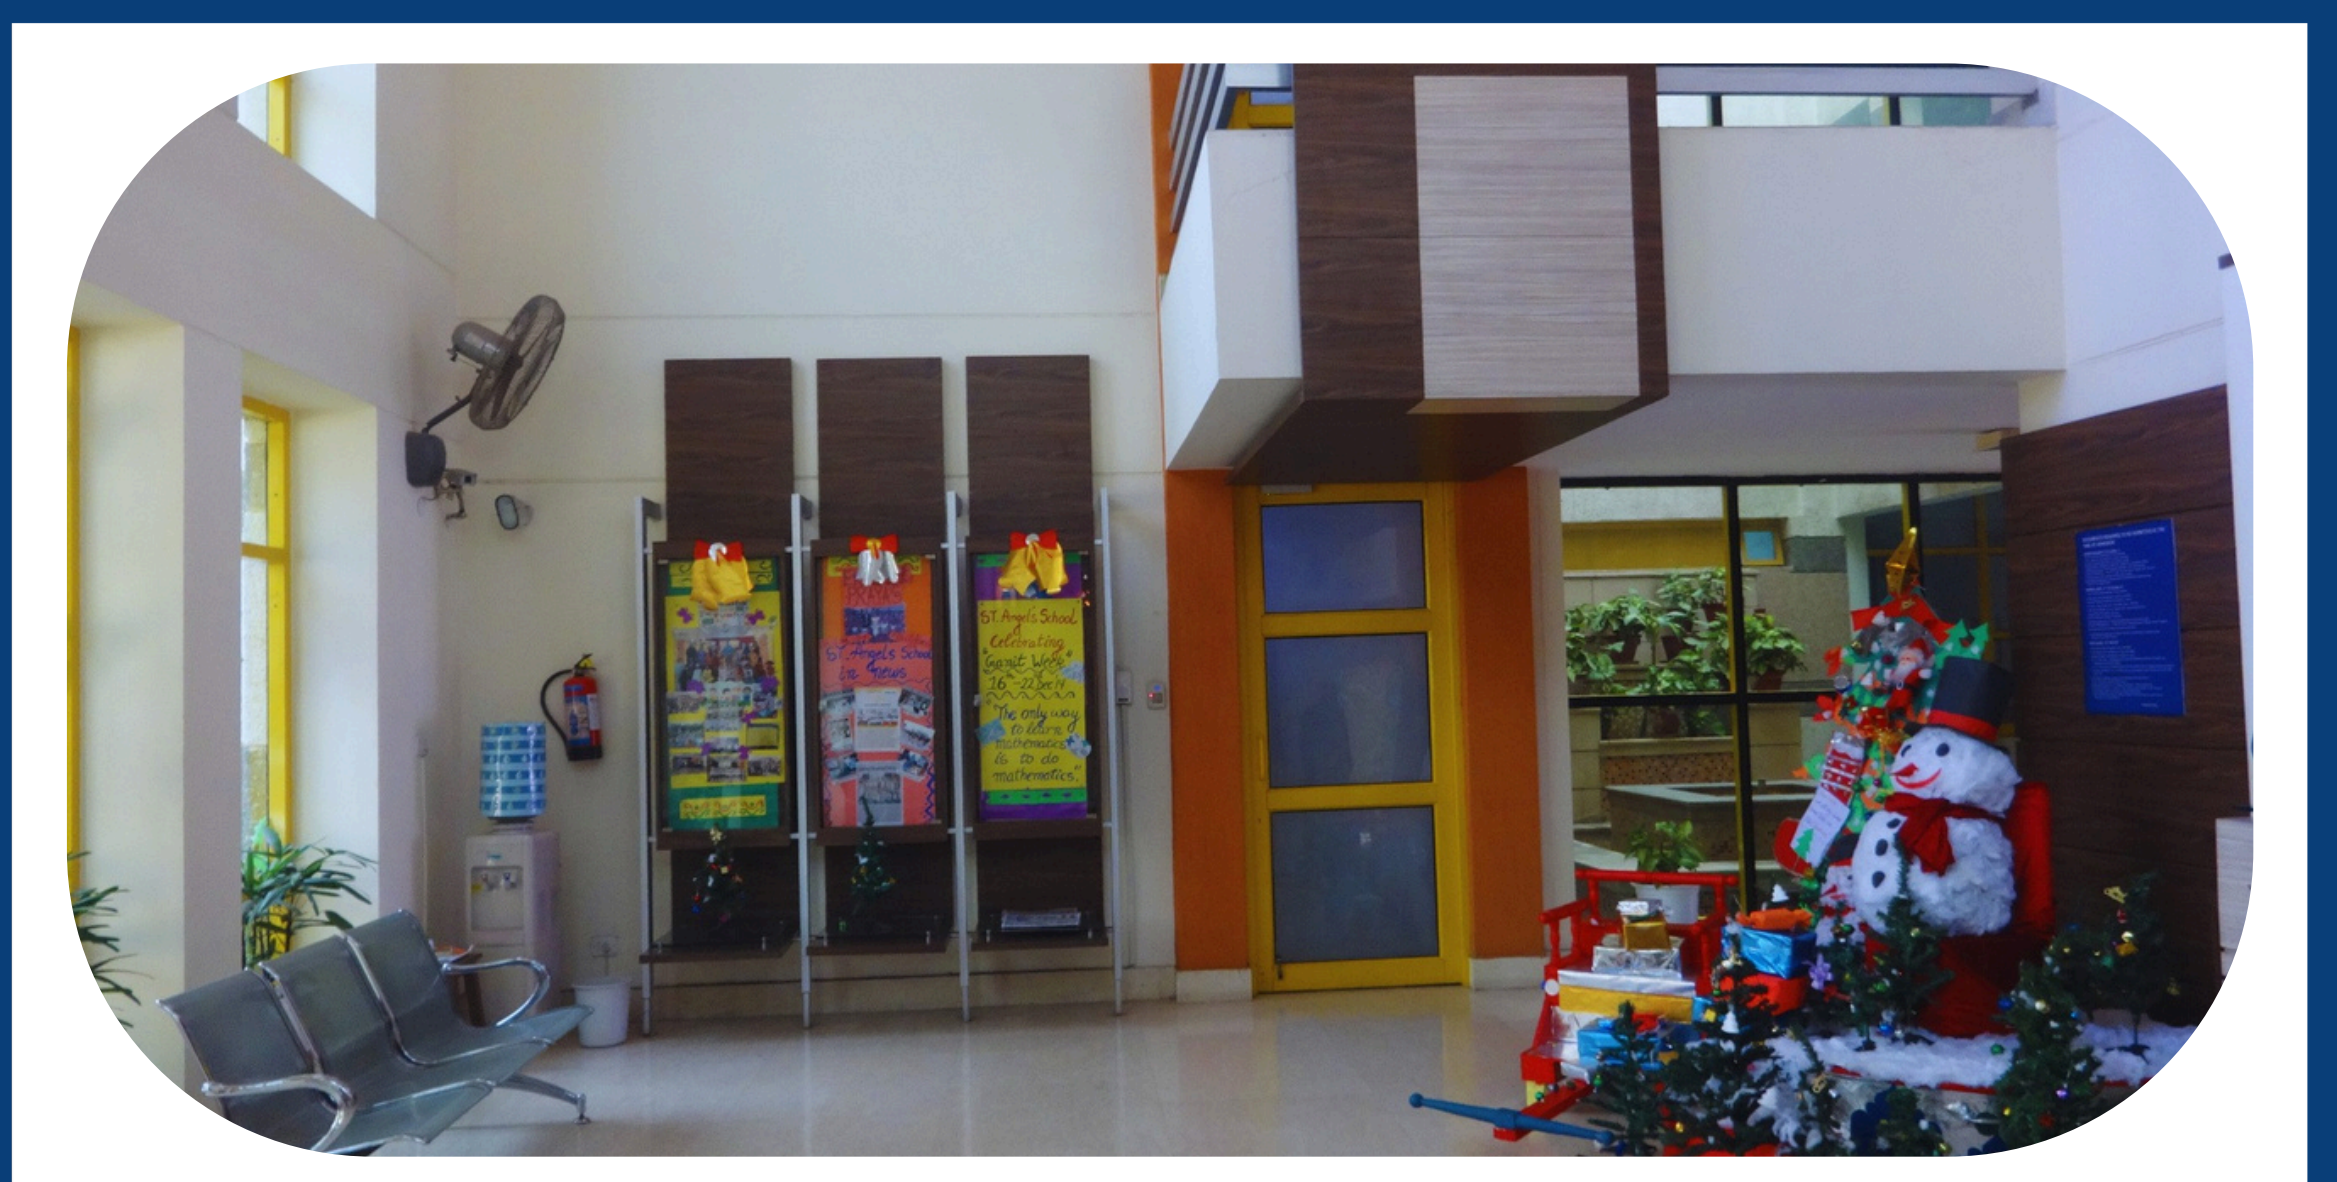

NEW TECHNOLOGIES

As part of digital teaching learning, school have Audio Visual classroom installed with overhead projector to provide smart class E- learning programme. Wifi system have been installed in a computer lab to get an internet access.

AIR CONDITIONING ROOM

Our school features air-conditioned rooms to provide students with a comfortable and conducive learning environment for optimal concentration.

EDUCATION IN PRE-PRIMARY

Teachers conduct one to one session with parents and their child for a longer duration in order to understand the needs of the child's strengths and weaknesses before the classes begin.

Teacher guide her student through the learning process helping them gain self-confidence and nurture their interest.

Classrooms are clean colourful & explorative. Toilets are kept clean at all times. All the children are treated as equal irrespective of their family's social status or its educational background after all each child is gifted and deserves the best as school has to offer. Hence a school is transparent with its methodology and encourages communication with all.
